Hi Nancy,

Thanks again for arranging the call with AstroTurf last week. We were wondering if there has been any movement with respect to the field installation in DC. Just wanted to check and see if they have settled on a date range in mid-August yet.

Thanks,

Chris

Ksenija and Chris, Unfortunately, next week will not work for you to observe the installation in Ft. Meade. However, they have another one going in in mid-August in DC (which should be more convenient for all concerned). Pencil this in on your schedule and we will reconnect in early August.

**Nancy-**

After discussing schedules and trying to coordinate a site visit with our team, it looks like next week will not work for everyone's schedules. We have another project with SCM

**Kipp Field**

1401 Brentwood Parkway NE

Washington DC

Tentative Infill Installation Date – August 12, 2016 – August 16, 2016

Let's connect around August 1, 2016 to verify project is still on schedule.

Any questions please let me know.

Thanks,

Mitchell and Tim, thank you for the information about the installation next week in the Washington DC area. I will pass this information along to the staff at EPA who gave us the request. I suspect that they will be most interested in observing. Can you give me a better sense of the timing—what day, and time of day, do you think the installation will occur?

Nancy
